

# Control and signalling components

Catalogue

2008/2009

**Schneider**  
 **Electric**

# A full range of catalogues for ....

Detection	Automation	Automation	Operator dialog	Motion and Drives
<b>Global Detection</b> Electronic and electromechanical sensors n° 960262 MKTED208052EN	<b>Modicon Momentum distributed I/O and control</b> n° 807861 MKTED205061EN	<b>Twido programmable controller and TwidoSuite software</b> n° 960211 DIA3ED2070902EN	<b>Control and signalling components</b> n° 960239 MKTED208031EN	<b>Motion control Lexium 05</b> n° 808610 DIA7ED2050910EN
Photo-electric sensors Proximity sensors Capacitive proximity sensors Ultrasonic sensors Limit switches Pressure switches Rotary encoders Radio frequency identification Machine cabling accessories	<b>Modicon Quantum automation platform, Unity, Concept &amp; ProWORX 32</b> n° 960237 MKTED208011EN	Controller base Discrete, analogue I/O Communication	Control and signalling units Control stations & enclosures Cam switches Beacons and indicator banks Pendant control stations Controllers Emergency stops Foot switches	<b>Motion control Lexium 15</b> n° 816811 DIA2ED2060506EN
	<b>Modicon Premium and Unity - PL7 software</b> n° 960268 MKTED208054EN	<b>Automation functions, relays, interfaces and power supplies</b> n° 960162 MKTED207031EN	<b>Human-Machine interfaces</b> n° 821230 MKTED206071EN	<b>Lexium Controller motion controllers</b> n° 960165 DIA7ED2070410EN
	<b>Modicon M340 and Unity software</b> n° 960128 DIAED2061001EN	Smart relays Timing relays Measurement & control relays Analogue interfaces Counters Plug-in relays Interfaces for discrete signals Power supplies & transformers	Operator interface terminals Industrial PCs HMI and SCADA PC-based software	Servo drives and Servo motors Motion controllers Motion control modules Modicon Premium and Modicon Quantum
		<b>Software</b> PLCs and safety controllers programming software	<b>Software</b> Vijeo Designer Operator terminal software	<b>Soft starters and variable speed drives</b> n° 960142 MKTED206111EN
				Soft starters and variable speed drives
				<b>Software</b> Software for drives and motors Motor control programming software

Not all products shown in this catalogue are available in every country. Check individual country's web site or Sales Office for product availability.
